....and now our Special Guest Columnist KS

Effective date: 2017-10-02

Hi Folks. SS here and I am working from a hotel business center computer that doesn't seem to want to open documents needed for our Monday Night newsletter release. I will be back at PFVCC World Headquarters Tuesday night and will use the full force and effect of the PFVCC technology and post what is sure to be one of the years best columns.

Stay tuned.
