SS makin' moves-tightens the gap

Effective date: 2018-12-04

Week 13 was a feel good week for members as success was felt around the league. All members that made their picks this week finished with 9, 10 or 11 wins...solid output by all! So many fine performances, but this week belonged to the unwavering SS, who cashed in both differences he had with BS and now sits four games back... a high pressure spot that most certainly isn't unfamiliar territory for this eight-time champ. Wait how many? Oh thats right, eight... Safe to say BS knows who's trailing him and is hoping his blistering first half performance can withstand the closing speed of SS. I have a feeling this will go down to the wire folks, this one will be worth watching.

Behind the top two, KS, LF and MM stood pat in week 13 and all are capable of making moves for that 3rd spot in the remaining 4 weeks. KS still only sits 7 games back (only 3 of the second spot) so he sits in the best position for an underdog run..What a story that would be!

In loner news, DP and BD both threw Hail Mary's that didn't find their targets this week. DP went with CIN over DEN and BD chose MIN over NE and strongly enough both games ended in the same final score of 24-10. Tough go of it, but we commend the effort nonetheless!

On to week 14...

Happy Picking,

LF, The Pimp
