

BS wins the Ship; goes back to back

KS and SS finish 2nd and 3rd respectively

Effective date: 2018-12-30

BS has done it again! For the second time in his illustrious career BS has posted back to back championships, not to mention snagging three out of the past six to boot. He has managed a dominant display in recent years and this season was no different. BS held the top spot for all but week one and continued to keep a hot trot as after week 5 no picker pulled closer than within 4 games of him. A truly marvelous showing BS! Finishing just behind BS were KS and SS who tack on another podium finish to their lengthy PFVCC resumes! Great picking to our top 3!

In a little final week recap, if you made your picks then you finished the season with a bang, as all members to submit week 17 selections posted double-digit victories. Tops was LF who posted 13 on the week, but overall a fine finish by most, to hopefully put some wind back in those deflated sails to come back firing next season.

With PFVCC's 38th season in the books, we congratulate our Champion BS as well as everyone who participated this year, hope you all had fun and hope to see you at the Pig Dinner.

Lastly, I'd like to thank the PIMP program and my mentors along the way for giving me this opportunity, it's been a great ride!

Until September,

LF, The PIMP
